

Welcome to 7th Grade

We step into a new role as 7th Graders. They have accepted this with excitement!

Mrs. Miracle and I are ready to take on this wonderful, high-spirited class.

Danielle Miranda:
7th Grade Homeroom Teacher

Assistant Homeroom Teacher

Summer Reading

Our summer reading book is *Refugee* by Alan Gratz. All students were provided hardback copies of the book on step-up day.

Math IXL

Students are required to complete IXL work over the summer in math. 30 minutes a week. 50 problems covering 3 skills with a 90 percent proficiency. This counts as first grade in math class.

Attendance and Uniforms

Attendance is such a key to learning so please continue making sure students are in class on time. **Uniform policies** will be enforced next school year so please make sure to review the proper uniform. Thanks for reviewing our attendance and uniform policies for St. Mary's School.

Summer Photos

As a way of building community, if you are taking any wonderful trips, please be safe and enjoy family time!

Would love for your student to share photos –

We can text and share photos in August.
